CAREER OBJECTIVE

Motivated and detail-oriented BCA graduate with hands-on experience in network infrastructure, broadband operations, and end-user support. Seeking an entry-level role in Networking, Technical Support, Desktop Support, or Remote Support where I can contribute my technical knowledge and grow into a skilled IT professional.

TECHNICAL SKILLS

- **Networking** : TCP/IP, LAN/WAN, Subnetting, VLANs, Routing & Switching, Fiber Optic Cabling
- **Tools & Software** : Cisco Packet Tracer, Microsoft Office Suite, Remote Desktop (RDP)
- **Support** : Technical Troubleshooting, Desktop Support, End-User Support, Remote Assistance
- **OS** : Windows OS Installation, Configuration & Troubleshooting (Windows 10/11)
- **Customer Service** : Call, Chat & Email Support | Ticketing & Issue Resolution
- **Other** : Data Entry, Structured Cabling, Network Uptime Management, ISP Operations
Ticket Resolve, Monitoring.

WORK EXPERIENCE

Network Engineer

Airtel (ISP) | May 2026 – June 2026

- Providing network support and troubleshooting for broadband and ISP services across the assigned region
- Configuring and maintaining network equipment to ensure consistent connectivity and service uptime
- Coordinating with cross-functional teams to resolve escalated technical issues and minimize downtime
- Handling end-user support and resolving network-related complaints through calls, chats, and on-site visits
- Monitoring network performance and assisting in routine maintenance and upgrades

Network Field Engineer (ISP)

Railtel – Freelance

May 2024 – April 2026

- Deployed and maintained fiber optic and structured cabling infrastructure for ISP broadband networks
- Installed, configured, and troubleshot Windows OS on end-user systems for customers
- Provided remote and on-site technical support for ISP-related network and connectivity issues
- Handled multi-channel customer support (calls, chats, emails) — resolving issues quickly and effectively
- Monitored network uptime and performed preventive maintenance on network equipment
- Coordinated with internal teams to escalate and resolve complex network faults

Data Image Annotation Specialist

Up2dateZ Business Solutions – Part-time

May 2023 – May 2024

- Labeled and categorized large image datasets for AI/ML object detection and classification models
- Maintained high accuracy standards across high-volume and complex annotation projects
- Collaborated with data science teams to meet project quality and deadline requirements

EDUCATION

Bachelor of Computer Applications (BCA)
Government Arts & Science College, Kumbakonam
CGPA: 80% (Up to VI Semester)

2023 – 2026

CERTIFICATIONS

- Jio Official AI & ML Course — Completed
- Cisco Packet Tracer — Hands-on Network Simulation & Topology Design
- Junior Grade Typewriting (English) – First Class

KEY STRENGTHS

- Real-world ISP field experience with hands-on fiber optic and network equipment handling
- Strong troubleshooting mindset — ability to diagnose and resolve network/hardware/software issues
- Customer-first approach with proven experience in multi-channel support environments
- Quick learner with the ability to work independently and in a team
- Analytical thinker — District-Level Chess Player demonstrating strategic problem-solving under pressure

ACHIEVEMENTS

- District-Level Chess Player — Competed in District & State level Tournaments
strong analytical and strategic thinking
